Calgary Firm Wins International Award

9-12-18 United Kingdom

Wealth and Finance International today recognized a Calgary firm, Ideal Life Experience Ltd. as Best Boutique Financial Advisory for 2018. Earlier this year, Ideal Life Experience Ltd. was nominated by KPMG for People's Choice Award & ATB Small Business of the Year Award!

"I'm very humbled by the attention," said Dean Kendall, CEO, "I just work really hard for my clients and I guess all the hard work is paying off. We do things differently from other advisors and that difference is getting us some recognition."

Kendall also published his first book this year titled, Stop Paying Hidden Investment Fees! How to get unbiased advice for the right fee so you can reach your financial goals years earlier. In the book, Kendall describes in detail all of the hidden investment fees being charged by institutions and how to avoid them. It also demonstrates the massive impact of those hidden fees on your ability to achieve your goals.

"The impact has been significant, knowing the reality that we can live our values and achieve our most important goals. We are now in our comfort zone and "on track" as a result of working with Dean and his team," said Bob McAllister, one of Kendall's clients. "We're proud to be working with him."
